COPYRIGHT

Author(s):

Paper title:

.....

The Author declares that the publication is original, and the author has the full right to its release, it contains no defamatory content and does not infringe the copyright of third parties, particularly with regard to trademarks, patent rights, statutory rights or property rights. The Author shall bear all expenses and pay compensation for losses, that the Publisher may be liable for due to the inaccuracy of this statement.

The Author declares that they provide, free of charge, to *Combustion Engines* – the publisher – any entitlement, present and future, to the specified above publications, under copyright law of the Polish Republic and other countries, in all languages, including all derivative rights.

The copyright includes the exclusive right to copy and distribute publications, including reprints, photocopies, microfilms, floppy disks and all other similar copies and translations.

The Author takes responsibility for the content of the material submitted to the Publisher.

Publisher notes that to obtain permission to copy all or part of this publication requires the consent of the Author.

The undersigned passes the described herein copyright to the Publishers for publication.

The Author agrees to verification of the English version of the article and to provide the data required to bill for the translation or verification.

The Author declares that he agrees to the publication of his article in an electronic version on the publishers website.

The Author declares that s/he is familiar with the comments contained in the "Guide for Authors" and accepts them, and the sent manuscript meets accepted standards of scientific accuracy and reliability.
